

Earrings

No earrings is the simplest solution, however, female students may choose to wear a plain silver or gold stud in each ear lobe.

Simple gold or silver plain stud

One stud in the bottom of each ear lobe

Female students only

This policy reduces the management of earrings during physical activities and is another positive step to promoting a fit and healthy lifestyle amongst our students.

Depending on the intensity of some sporting codes (eg Netball) girls will still need to remove ear studs, but in general play and physical activities studs will provide a safer and more manageable solution.

This means:

Male students are not permitted to wear earrings while in College uniform or at College events.

NO coloured/stone/jewel ear rings

NO clear retainers or tape allowed

NO sleepers, hoops, spikes, bars or ear stretchers

NO other body piercing
